Address :- B-204 Samruddh Greens, Pranami Nagar, Mahadev Nagar Tekra, Ahmedabad, Gujarat .

SUMMARY

Motivated and detail-oriented BCA graduate with a strong foundation in computer science, programming and interested Graphic Design and problem-solving skills in a dynamic organization. Seeking an entry-level role in IT or Graphic Design where I can contribute to team success, grow professionally.

WORK EXPERIENCE

Basically I am a Student, so i Have not Experience In a Job Work But During my college years, I successfully developed significant projects. These projects honed my technical skills and allowed me to make meaningful contributions.

1. Ai Content Generator

- This was my final year project, focused on building an AI-based content generation platform. The platform allows users to choose from over 15 pre-designed templates, submit a topic or query, and generate unique content by clicking a "Generate" button. The generated content can then be copied and used directly from the website.
- Frontend: React (TypeScript), Tailwind CSS
- Backend: Next.js (API Routes)
- API-Key: Google Gemini API
- Database: Neon PostgreSQL

2. Stock Price Prediction Using Machine Learning

Stock price prediction using machine learning involves analyzing historical stock data to forecast future price movements. Models like linear regression, decision trees, and neural networks identify patterns and trends in market data.

EDUCATION

- i passed the Gujarat Secondary Education Board exam in March 2020 with 60 Percentage Rank.
 - i passed Gujarat Higher Secondary Education Board Exam in March 2022 with 62 Percentage Rank.
 - I have completed my Bachelor of Computer Applications (BCA) from Silver Oak University in Ahmedabad With 8.70 CGPA.
-
